Learning Challenges Autumn Term 2026

Our Autumn Home Learning Challenges are all based around our school value of **Kindness**. We believe that small acts of kindness can make a big difference to the people around us and help create a happy, caring community. Through these fun and practical challenges, children will have opportunities to show kindness at home, at school, in their local community and towards the natural world. We encourage children to complete as many challenges as they can, sharing their acts of kindness and reflecting on how their actions help others. Please either upload photos to Dojo or bring into school. Together, we can spread kindness and make a positive difference every day. 🍁💛
